Total billed \$145.00	Total allowed \$0.00	Plan paid \$0.00	You may owe \$0.00
--------------------------	-------------------------	---------------------	-----------------------

Payer Message

The submitted place of service and telehealth indicator conflict with the plan's billing rules for this service. Correct the place of service or supporting service location information and resubmit.

Appeal and Resubmission Notes

Review session location, EHR claim settings, and clearinghouse mapping before resubmission. This appears correctable without a formal medical necessity appeal.

This synthetic document is for ClaimCompass OCR, extraction, retrieval, and demo testing only. It is not a real payer communication and contains no protected health information.
