---------------------------------	--------------------------------	----------------------------	------------------------------

Payer Message

The provider was not active for this network or specialty on the date of service. Payment cannot be considered until enrollment, taxonomy, and panel effective date are resolved.

Appeal and Resubmission Notes

Confirm payer enrollment, rendering NPI, taxonomy, billing provider linkage, and effective date before filing an appeal. If the provider was active, submit proof of credentialing with the claim reference.

This synthetic document is for ClaimCompass OCR, extraction, retrieval, and demo testing only. It is not a real payer communication and contains no protected health information.
